Dear Sir,

Re: Audit of Placement Report for 2015 placements of Post Graduate Programme in Management for Executives (PGPX) programme

We have audited the Placement Report prepared by you on the final placement (based on offers received and accepted on campus) of students in 2015 of the Post Graduate Programme in Management for Executives (PGPX) of the Indian Institute of Management, Ahmedabad (IIM-A). The Placement Report is the responsibility of IIM-A. Our responsibility is to validate the information provided in the report with the relevant documentation, and comment on the Placement Report's conformance with the Indian Placement Reporting Standards (IPRS) version 2.1.

In this context, we confirm the following:

1. For the purpose of the audit, we have obtained all the information and explanations, which to the best of our knowledge and belief, were necessary. In our opinion, the Placement Report complies with the Indian Placement Reporting Standards version 2.1.
2. The validation of information presented in the report is based on communication received by IIM-A from recruiting companies. CRISIL has not independently sourced any information or documentations.
3. We have verified the information with respect to remuneration, job function and location presented in the report with communication received from recruiters.
 - a. The information has been categorised as best as possible under different salary heads as given in the IPRS version 2.1; where a break-up was not available, the salary has been considered only as 'Maximum earning potential'.
 - b. For two students, stock options have been mentioned without details on how much vests in the first year- the amount considered has been therefore equally divided over the entire number of years.
For one student with a domestic offer, stock option was provided in international currency. The same has been converted into domestic currency based on the mean exchange rate for June 2015.
4. The acceptance of offers and number of students opting out of the placement process has been established through written communication from those students.
5. We have only audited the salary figures in the placement report and not the report's overview section, which explains the placement process.

Thank you.

Best regards,
